Welcome Address

Hartmut Porst

Dear Colleagues and Friends,

On behalf of ESSM, EFS, the Turkish Society of Andrology and Turkish Association for Cognitive and Behavioural Psychotherapies (TACBP) it's our pleasure to welcome you to the 16th Congress of the European Society for Sexual Medicine (ESSM), to be held in Istanbul from 29 January to 1 February 2014. For the first time this annual ESSM congress will be joint by the 12th biannual congress of the European Federation of Sexology (EFS) and the Turkish Association for Cognitive and Behavioral Psychotherapies.

Since four millennia Anatolia with Istanbul as one of the world's largest cities has been a cradle of multicultural civilizations, a melting pot of different cultures and religions integrating in an admirable and future oriented way occidental and oriental history and traditions. Features and symbols of sexuality are present manifold across Anatolia and witnessed by books, shrines, statues and other cultural relics. The advancing science of Sexual Medicine is mirrored in the scientific programs of the annual ESSM congresses, and both the country and the venue hosting this event traditionally contribute to the success of this congress. We have no doubt that Istanbul, appointed as the cultural capital city of Europe in 2010, and sharing the spirit of old and new European and Asian culture, will inspire the science of the congress.

An innovative scientific program reflecting sexual problems of both sexes and beyond that addressing hot topics of sexuality will be developed by the scientific committee to update all those in person, who will attend this memorable venue, and the whole scientific community with latest and exciting achievements in Sexual Medicine. The mixture of pioneers and leaders as well as new upstarts in the field of Sexual Medicine longing for recognition and success is finally the secret recipe of the permanent successes of the ESSM congresses.

In Istanbul ESSM and EFS will continue with its traditional and successful strategies to share science and practice oriented guidance in state of the art lectures, master-lectures, round-tables, workshops, podium and poster sessions presented or moderated by renowned experts and outstanding specialists in the various topics of interest. As in the past we will accentuate the educational program in the Istanbul congress by offering the meanwhile traditional ABC master course, running in parallel to the scientific program, replenished by theme oriented workshops jointly offered by ESSM and EFS.

By tradition the ESSM and EFS congresses are not only the stage for high level science in Sexual Medicine and Sexology but also provide the opportunity to meet old and to become acquainted with new friends. We are very positive that the spectacular and historical environment of the ancient city of Istanbul with its multicultural flare will finally cast a spell over you, your spouses and your friends at latest when you feel the breeze blowing over at the Bosphorus from Asia.

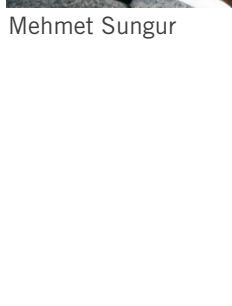

Carpe diem, take your chance and let's spend together memorable days in Istanbul you and your accompanying friends will absolutely enjoy.

THE ESSM PRESTIGE AWARDS

The Executive Committee of ESSM decided to establish two awards to be presented during the annual meetings of the society:

The ESSM Career Award

This award will be presented to a senior scientist who has made an outstanding contribution in the field.

The Executive and Scientific Committees will decide the award winner, and the award winner will be presented during the Opening Ceremony.

The ESSM Award of Excellence

This award is presented annually to a physician or scientist under the age of 40 years (either in basic sciences or clinical practice) who has made recent exceptional achievement in the field. The award-winning scientist will present a state-of-the-art lecture as the ESSM Award Lecture during the congress.

Format Descriptions

ESSM AND EFS MASTER LECTURES

The ESSM and EFS master lectures of 30 minutes will be given by a distinguished and renowned expert and will be devoted to a specific topic of major interest.

ESSM, ESSM/ EFS ROUND TABLES AND EFS SYMPOSIA

These sessions will usually last 90 minutes. Some of these sessions are scheduled for 60 minutes. They will focus on a particular topic and present the very latest data related to it. The round tables will include four or five papers and time for discussion.

ESSM ABC MASTER COURSE

The ESSM Educational Committee along with the Scientific Committee continues to enthusiastically work with the specific aim to eventually improve the cultural and educational proposal during the various sessions of the annual congress. From 2011, ESSM has added a 3-day master course on the ABC of Sexual Medicine to the European Continuing Medical Education opportunity for specialists in the field. The ABC Master Course will incorporate all aspects of Sexual Medicine according to the syllabus including anatomy, physiology, endocrinology and psychology of sexual response, sexual development and orientation, sexual dysfunctions, sexuality in relation to cancer and other diseases.

ESSM VIDEO SURGERY COURSE

The video surgery course will last 90 minutes, each video has a duration of 10 to 15 minutes. A panel of selected experts will present surgical videos showing different techniques and approaches and will discuss the details with the participants.

ESSM AND EFS PODIUM SESSIONS

Podium sessions will present the best papers accepted for the congress and will focus on specific topics presenting the very latest findings in this field. Each session will last between 30 to 60 minutes. Authors are invited to submit abstracts as oral presentations, classified by topics at www.essm-congress.org

ESSM AND EFS POSTERS

Authors are invited to present their latest research findings or important ongoing research as posters; these will be grouped into areas of research by the ESSM and EFS Scientific Committees. The poster exhibition is preliminary scheduled from Thursday, 30 January to Saturday, 1 February 2014. Some of the ESSM posters might be selected for highlighted poster sessions. These 30-minute sessions are moderated by a senior chair.

SYMPOSIA ORGANIZED BY THE INDUSTRY

Symposia organized by the industry in consultation with the scientific committee are considered for the congress days from Wednesday to Saturday.

CME (CONTINUING MEDICAL EDUCATION)

This congress is seeking for UEMS accreditation to the European Accreditation Council for Continuing Medical Education (EACCME). Physicians and nurses will be accredited.

EACCME credits are recognized by the American Medical Association towards Physician's Recognition Award (PRA). To convert EACCME credit to AMA PRA category 1 credit, please contact the AMA (American Medical Association). The accreditation form for international physicians is available on the AMA website: www.ama-assn.org. Choose the button CONTMED-EDUC (CME) and follow the link AMA PRA.

28 January 2014 I Multidisciplinary Joint Committee on Sexual Medicine Exam (MJCSM)

An ESSM Guide to the Qualification Examination and Preparation Courses 2014

Fellow of the European Board on Sexual Medicine (FECSM)

The qualification examination of the Multidisciplinary Joint Committee on Sexual Medicine (MJCSM) will take place on 28 January 2014.

Sexual Medicine is a discipline concerned with the impact of physiology and pathophysiology, psychology and psycho-pathology, relationships, socio-cultural influences, developmental effects, sexual identity, sexual behaviours, gender identity and inter-gender differences on the sexuality of men and women of all ages, both as individuals and within the context of their relationships. Its aim is the restoration of sexual health, a state of complete physical, mental, and social well-being with respect to sexuality, as well as the management of sexual problems.

The MJCSM was established by the UEMS specialist sections of Urology, Obstetrics and Gynaecology and Psychiatry and functions within the framework of their respective statutes and bylaws. The main objective is to guarantee the highest standards of health care in the field of Sexual Medicine in the countries of the European Union and associated European countries, by ensuring that the training in Sexual Medicine is raised to the optimal level. The MJCSM shall recommend the content of training programmes, the access for training, and professional knowledge and skills for Sexual Medicine.

The MJCSM issues a certificate of recognition of quality of the training programme. Prior to entry into training in Sexual Medicine, candidates should be accredited in a medical speciality relevant to the practice of Sexual Medicine. Such specialities include Urology, Obstetrics and Gynaecology, Psychiatry, Internal Medicine and General Practice, although this is not a comprehensive list.

The MJCSM determines the standards for training and assessment in Sexual Medicine. Successful candidates will be awarded on behalf of the MJCSM the title of "Fellow of the European Committee of Sexual Medicine" (FECSM).

Last year, 323 physicians took part in the MJCSM exam and 283 received FECSM qualification.

In January 2014 the second MJCSM exam will take place.

Eligibility

The eligibility criteria for the FECSM examination are published on the MJCSM website.

The exam is set under the auspices of the UEMS but all nationalities, including countries outside the EU, are able to register for the exam. Eligibility will be individually assessed according to the criteria set out below. The registration forms will be reviewed by the examination committee

of the MJCSM. It is essential that applicants provide all the required information when registering and that their registration form is type-written.

Who can apply?

CONFIRMATION

Upon receipt of the registration form and the corresponding payment, the congress office will send a confirmation form to the participant which also serves as an invoice. Please show this confirmation of participation at the registration counter when picking up your congress material. Additionally you will also find a confirmation of your individual booking on the internet under CO CONGRESS ONLINE®: www.essm-congress.org.

WHO IS WHO

With the agreement of the participant, delegates will be given the possibility to have his/her name, institution, city and country listed in the list of participants published on the internet. Upon request, a direct link with the homepage of the participant or his/her institution can be created.

PAYMENT

When registering for the congress, please arrange payment of registration fee and any other cost according to the instructions on the registration form. You can choose between two forms of payment. We recommend credit card payment. Bank transfers are expensive, since you will have to pay the bank transfer charges twice, once in the country of origin, and a second time in the target country. All payments are made in EUR.

- ▶ Credit card (American Express, MasterCard, Visa)
- ▶ Bank transfers to the Congress bank account:

The entry formalities for Turkey vary according to the country of origin. Please address enquiries about entry and vaccination to your travel agent or the local Turkish consulate. Further information can also be found at <https://www.evisa.gov.tr/en/>.

TIME

The time in Turkey is GMT +2.

TRAVEL TO ISTANBUL

Travel to Istanbul/Arrival by plane

Istanbul has two international airports; the larger of them is Istanbul Atatürk. Atatürk as the main airport for all international airlines is located 24 kilometers (15 mi) west of the city center. Sabiha Gökçen International, 45 kilometers (28 mi) is situated southeast of the city center, it opened in 2001 to relieve Atatürk and is dominated by low-cost carriers.

The taxi fare from the airport to the city center is approx. EUR 30. Regular public bus transportation is also available. It costs approx. EUR 10 per person and takes, depending on the airport you start from, approx. 30 – 45 minutes to the city center. Especially during rush hours travelers need to calculate more time to get to the city centre.

PUBLIC TRANSPORTATION

Istanbul has got 2 metro lines. One from the Atatürk Airport to Aksaray and one from Levent to Taksim. There are 4 tram lines and the most useful one is the one between Zeytinburnu (where you can change for the metro to Atatürk Airport) and Kabatas (near Dolmabahçe Palace). It passes many major attractions in the historic center of Old Istanbul like the Blue Mosque, Hagia Sofia and the Topkapi Palace. It passes the bridge over the Golden Horn between the Old and the New Istanbul. From Kabatas there is a new funicular up to Taksim. From Taksim you can take the nostalgic tram through the major shopping street of Pera (Beyoglu) and then the old funicular (Tünel) down to the bridge over the Golden Horn. Jetons for single trips are sold right at the stations and costs 2 TL (EUR 0,80).

General Information

TAXIS

Flying to Sabiha Gokcen Airport (SAW) or to Ataturk Airport (IST), you can use a taxi to everywhere in the city. Taxis are waiting outside the airports and the metered fare is around 120 Turkish Lira (EUR 44,60) from Sabiha Gokcen and 55 TL (EUR 20,50) from Ataturk Airport. The taxis tend to be rather small and with four passengers and four bags it can be a bit of a squeeze. Journey time is about 45 minutes from Sabiha Gokcen and 30 minutes from Ataturk airport. Due to the traffic situation, sometimes the drive can take twice as long as planned. Prices may vary, please ask for price indication before taking a taxi.

INSURANCE

The Congress fee does not include insurance. All participants should arrange for their own insurance. Health and accident insurance is recommended and has to be purchased in your country of origin.

FORCE MAJEURE

For reasons beyond its control (such as war, strikes, lockouts, riots or any such civil disturbances, any acts of God, including but not limited to earthquakes, floods, droughts and typhoons and any other cause of circumstance of whatsoever nature beyond control) that have an impact on the arrangements, timetables or planning of the 16th Congress of the European Society for Sexual Medicine joint by 12th Congress of the European Society for Sexology and its corresponding activities in Istanbul, Turkey, ESSM and EFS have the right to immediately alter or cancel the activities or events or any of the arrangements, timetables, plans or other items relating directly or indirectly thereto. No party involved shall be entitled to any compensation for damages that result from such alteration or cancellation.

CURRENCY

Currency is the Turkish Lira. Exchange rates are announced daily. Major credit cards are generally accepted by most of the hotels, restaurants and shops.
Exchange Rate: 1 EUR = 2,69 TL (October 2013)

ELECTRICITY

The local voltage is 230 V. Plugs C & F. You will need a voltage converter, and plug adapter in order to use U.S. or other foreign appliances.

CLIMATE

The average temperature in Istanbul in January/February is 2°C at night and 7°C during the day. Rain and snow could be possible.

BANK AND ATM

Banks are open weekdays between 09:00 and 17:00. ATMs are everywhere in Turkish cities, airports, and even in most small towns.

HOTEL RESERVATION AND LOCAL AGENCY

CPO HANSER SERVICE has officially appointed Figür as local partner and agent for accommodation for the 16th ESSM/12th EFS congress 2014. Figür has reserved a large number of hotel rooms in various hotels in different price categories in walking distance for the congress venue Istanbul Convention & Exhibition Centre (ICEC) – The Rumeli Fair and Exhibition Hall.

City of Istanbul

Istanbul is the largest city in Turkey, constituting the country's economic, cultural, and historical heart. With a population of 13.9 million, the city forms one of the largest urban agglomerations in Europe and is the second-largest city in the world by population within city limits. Istanbul's vast area of 5,343 square kilometers (2,063 sqm) is coterminous with Istanbul Province, of which the city is the administrative capital. Istanbul is a transcontinental city, straddling the Bosphorus – one of the world's busiest waterways – in northwestern Turkey, between the Sea of Marmara and the Black Sea. Its commercial and historical center lies in Europe, while a third of its population lives in Asia.

Founded on the Sarayburnu promontory around 660 BC as Byzantium, the city now known as Istanbul developed to become one of the most significant cities in history. For nearly sixteen centuries following its reestablishment as

Constantinople in 330 AD, it served as the capital of four empires: the Roman Empire (330–395), the Byzantine Empire (395–1204 and 1261–1453), the Latin Empire (1204–1261), and the Ottoman Empire (1453–1922).

Approximately 11.6 million foreign visitors arrived in Istanbul in 2012, two years after it was named a European Capital of Culture, making the city the world's fifth-most-popular tourist destination. The city's biggest draw remains its historic center, partially listed as a UNESCO World Heritage Site, but its cultural and entertainment hub can be found across the city's natural harbor, the Golden Horn, in the Beyoglu district. Considered a global city, Istanbul is one of the fastest-growing metropolitan economies in the world. It hosts the headquarters of many Turkish companies and media outlets and accounts for more than a quarter of the country's gross domestic product.

ESSM

European Society for
Sexual Medicine

The European Society for Sexual Medicine (ESSM) is a not-for-profit, multidisciplinary, academic and scientific organisation dedicated to male and female sexual health and dysfunction.

Benefits from Becoming an ESSM Member

- ESSM offers its members a permanently updated web-site with different forums and a monthly update of the whole scientific literature of Sexual Medicine, Andrology and related medical disciplines.
- ESSM provides its members quarterly newsletter, ESSM Today which features the most recent news in the field of Sexual Medicine and focuses on key topics of interest to physicians in the field.
- ESSM has supported the creation of the Multidisciplinary Joint Committee on Sexual Medicine (MJCSM) that is working under the auspices of the European Union of Medical Specialists (UEMS). MJCSM's objectives are to study, promote and harmonize the highest level of Sexual Medicine in Europe – both on the basic and postgraduate level. The MJCSM will determine the standards for training and assessment in Sexual Medicine. Successful candidates will be awarded on behalf of the MJCSM the title of "Fellow of European Committee on Sexual Medicine (FECSM).
- The ESSM and EFS collaborate to guarantee and promote the highest standards of healthcare in the field of Sexology and Sexual Medicine. For this purpose an educational program and qualification exam was set-up. For the first time in history, in 2014 the ESSM congress will be joint by the EFS congress and qualification examination for mark of excellence is set-up in collaboration between the ESSM and the EFS. This year the first examination for a psychologist qualification will take place. Successful candidates will be awarded the title of „EFS/ESSM Qualified Psycho-Sexologist“.
- Since 2007 ESSM has offered interested ESSM members the participation in a course of the European School of Sexual Medicine. In 2013 the course was held in Budapest with the participation of more than 30 students from all over the world, supervised by the School Directors Yacov Reisman and Francesca Tripodi.
- Besides this structured course ESSM offers at its annual congresses both instructional courses related to topics of interest in Sexual Medicine and Master Courses covering the key contents of the ESSM educational program.
- ESSM provides to its members both research grants and fellowship supports, either on individual application or supported by the National Affiliated Societies and after approval by the ESSM Scientific and Executive Committee.

Take Your Chance – Become a Member of ESSM, Now!

Seize the day, or in Latin Carpe diem and become a member of ESSM now, to take all the advantages and benefits of ESSM membership.

There are two levels of ESSM membership available:

General Conditions

Registration and Payment

Registration will be confirmed if payment is received by the congress office by 15 January 2014. Should payment be received after this date, you will receive your confirmation at the Istanbul Convention & Exhibition Centre (ICEC). Please bring a copy of your bank remittance with you.

Cancellations of Congress Participation

Notice of cancellation should be sent in writing only to the congress office CPO HANSER SERVICE. In case of cancellation by 1 October 2013 the payment will be refunded, minus a handling charge of EUR 100. No refund will be made after 1 October 2013.

Cancellation of Preparation Course Participation/Exams

No refund will be made after successful registration.

Changes to the Congress Program

In the event of cancellations by speakers or other changes in the main congress program, no full or partial refund of the registration fee can be made.

Abstract Submission

The acceptance of submitted abstracts simultaneously results in binding registration of the speaker to attend the conference. The registration fee must be paid immediately after receiving the abstract acceptance. On-site registration for presenting authors is not possible. If the author withdraws a contribution accepted by the scientific committee and printed in the abstract book, registration for the conference will be maintained and there will be no refund of the registration fees. If an abstract has not been accepted, the registration fee will be refunded upon request.
