Welcome Address

Hartmut Porst

Dear Colleagues, Dear Friends of ESSM,

in 2012 the slogan is “ESSM family goes Amsterdam” to celebrate its 15th annual congress from 6 to 9 December 2012 to update you and the whole medical world on the latest and most fascinating findings and achievements in Sexual Medicine. The leading experts of the world in Sexual Medicine will share with you how recent findings in preclinical research may translate into clinical applications and how clinical findings will finally support and enrich your daily medical practice for the benefit of the million sufferers from any kind of sexual problems.

With the long-standing tradition of ESSM one priority of the annual congress is the educational program aiming at training young colleagues in basic knowledge of Sexual Medicine and to intensify the knowledge of advanced colleagues in special topics of interest conveyed by special instructional courses.

Be assured that we, the ESSM community, is keen as always to organize a congress program of highest attractiveness and inspiration which should find the recognition and approval of everybody interested and working in the field of Sexual Medicine.

Luca Incrocci

Besides an attractive scientific congress program there is no better place in the world than Amsterdam, an open-minded multicultural hot spot on this globe, predestined to entertain “exhausted” attendees in the congress off-times with a variety of attractions.

Amsterdam is one of the most enchanting cities to be in at this time of the year. With all its sparkling lights, craft-making markets, full cosy cafes, unique shops, and “oliebollen” (the incredible fried dough balls) stands. Even the Red Light District has Christmas lights of its own (not just red ones!) and seems to never shut down.

Don't miss this chance and join us in Amsterdam 2012 for a further memorable ESSM congress. You will enjoy and never forget!

See you all in Amsterdam,

Hartmut Porst
